### Party politics

Don't underestimate the power of party politics. In the 2008 election, it was the Democrats who won the White House, but it was the Republicans who won the White House. In the 2008 election, it was the Democrats who won the White House, but it was the Republicans who won the White House. In the 2008 election, it was the Democrats who won the White House, but it was the Republicans who won the White House.

- 1. **Party politics** - What's the deal with the Democrats?
